

Plastic Tube Container QuadroPack TipLine

**Protective packaging tubes for surgical
instruments and applications**

Material

→ PETG

Product Range

→ PETG klar

→ outer parts and inner parts are packed separately

Production environment

→ cleanroom production

Product features

QuadroPack TipLine

- Square protective packaging tube with tapered ends
- optimum protection for long surgical instruments and various other applications
- tapered ends reduce the risk of the content breaking through
- universal use for products of different dimensions
- security and protection for your product
- speedy and efficient packing of products
- safe transportation
- excellent for stacking and storage
- can be used as primary or secondary packaging

The proof of the suitability of the packaging in combination with the medical device to be packed must be provided by the manufacturer.

Product Range: QuadroPack TipLine

Production Environment

 Cleanroom production  Industrial standard / Cleanroom production upon request
